Listen, learn, excel  
Attention to detail breeds excellence  
Communication unlocks success

## PROFILE

Currently based in Braga Portugal. I'm passionate about developing efficient and creative web-applications. I love to learn new things and new dynamic ways to solve problems. I'm a very practical person but I enjoy the beauty in life that's why I deposit value on the aesthetic side of things too. Also a music-geek.

## EXPERIENCES

### Web Developer

LEAD THE WAY | MARCH 2024- PRESENT

I design and develop websites and landing pages for Lead The Way's customers.  
I evaluate the clients needs for a strong online presence and create a solution.

### Frontend Development Hands-on Training Program

KREATISTORM | JANUARY 2024 - FEBRUARY 2024

As part of the trainee program, I consistently deliver completed assignments (projects) on a weekly basis, where I'm not only reinforcing my existing frontend knowledge but also fostering the acquisition of new skills.

### Frontend Developer

U.T. QUÍMICOS,LDA | June 2023 - July 2023

Worked both on site and remotely on the design and development of the official website for the company. Also designed the new Company's logo.

### Internal Administration

U.T. QUÍMICOS,LDA | 2019-2023

I did all types of internal work in an administration context. Also responsible for analyzing data aiming for the best company results. Performed many design works regarding documentation presented to our customers. Main stack: company's sales software and Office's Excel.
